Subject: [ardill-news] Pray

On Thursday there were state elections in our state and it was a quiet day. Last night we began to hear "noises" around the city and things had deteriorated to the point that around mid-day all the missionaries at the Evangel compound evacuated to another SIM compound (Niger Creek) in Jos. It has been quieter here this afternoon and things seem generally quieter in the city. A curfew has been implemented. Many have been killed and injured. Please pray for peace in the city and wisdom for tomorrow as we sort out what to do next.

In Christ,
Bill Ardill
